

WHERE CAN I FIND MY HAIER PRODUCT'S SERIAL NUMBER?

The serial number tag on your Haier product provides important information such as the date of manufacture, the factory it was made in as well as what parts were used to make the product.

Please refer to the following document for the specific location of the serial number tag on your product.

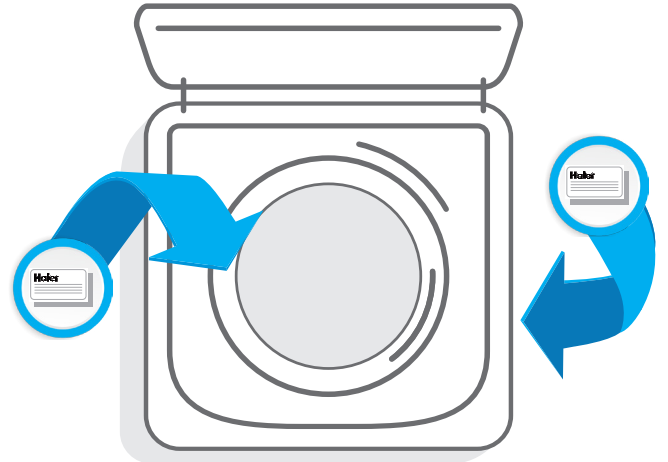

In most cases, the serial number tag is located on the back of washing machines, dishwashers, wine coolers and some refrigerators. The quantity and style of serial number tags may vary from those illustrated.
